

Mediation Skills Training Institute for Church Leaders

Presented by the

Lombard Mennonite Peace Center

“The best and most thorough model for mediation with individuals and congregations that I have experienced in more than three decades of ordained ministry.” - Lutheran Bishop

“An effective model of mediation because it involves both issues and feelings, viewpoints and values, head and heart.” - Presbytery Executive

Cited by another attendee as “absolutely a must for any church... every church,” the *Mediation Skills Training Institute for Church Leaders* can also be **hosted by your Judicatory**.

The idea of hosting a *Mediation Skills Training Institute* would be relevant for Judicatory offices which are interested in infusing the vision for conflict transformation throughout the entire church system.

BENEFITS INCLUDE:

- **Training a large group of people to be available to serve on a Judicatory-wide mediation team:** to provide mediation services to churches embroiled in high intensity conflict and to provide training resources to churches interested in preventing destructive conflict.
- **Providing a valuable continuing education opportunity for your pastors** in a location that is more geographically accessible than sending them to one of the *Mediation Skills Training Institute for Church Leaders* coordinated each year by LMPC in various cities around the country.
