New Vision Church

About the Workshop:

Conflict is a normal part of life, even in the church. Understanding this can help church members realize that they should not be surprised or ashamed when they experience conflict in their faith communities. What is important is how the conflicts that inevitably arise are addressed. The *Conflict Transformation Skills for Churches* workshop teaches some basic skills that will help participants manage conflicts within their congregations in a healthier manner.

The goal of the workshop is prevention. We want participants to gain the understanding and the skills needed to prevent destructive conflicts. We also want participants to see how church conflict can be transformed into an opportunity to learn something new about God's will for their church.

The Lombard Mennonite Peace Center (LMPC) is a non-profit ministry whose mission is "to proclaim Christ's good news, the gospel of peace and justice, and to be active in the sacred ministry of reconciliation." This workshop is one of the ways that LMPC pursues its mission. Other popular workshops that LMPC has to offer include *Healthy Congregations*, *Facilitating Healthy Pastor-Congregation Relations*, and *Leadership and Anxiety in the Church: A Family Systems Perspective*.

This workshop will help you . . .

- Understand that conflict need not be bad, but is an opportunity for growth.
- The biblical basis for conflict transformation.
- Your own style of responding to conflict.
- The communication skills necessary to resolve conflict peacefully.
- Strategies for preventing destructive conflict in the church family.
- A model for working at congregational decision-making in a win-win manner.
