ADVANCED CLERGY CLINIC

WWW.LMPEACECENTER.ORG

WORKSHOP DESCRIPTION

This three-part series is designed for graduates of our Clergy Clinic or Leadership Development programs and for those with an extensive background in Bowen family systems theory. We gather for three days each time in fall, winter, and early spring. The format is a featured guest lecturer on day one, and additional presenters from diverse backgrounds on days two and three alternating with small group work. This training allows great opportunities for personal growth. Registrants are expected to attend the entire 9-day series. People return year after year which is a testament to the value they find in these annual sessions and the sense of community that develops among participants.
